I DO NOT SELL CARS

You hire me to help you save time, money and aggravation of having to deal with the car dealerships on your own; with all the stress that comes with it. I find you the car, I haggle the car, I help with your trade, all of it.

I SAVE YOU FROM...

Time-thieving, wallet-whittling, stress-inducing shenanigans while you navigate the car-buying adventure.

**I HAVE A FABULOUS,
NO-FEE GUARANTEE!**

Some insurance agents sell price. Occasionally that works, but you don't want to find out that you got a great price and have no coverage when you have a claim.

Here's what you need to know:

- Selecting the correct Coverage A is important. This coverage typically pays to repair or rebuild your home if it's damaged or destroyed in a covered loss.
- Conduct a Home Inventory to determine the right amount of coverage for your personal belongings. I can provide you with easy-to-use tools and help you get this done.
- While it's important to choose the right coverage for your home, you also want to choose coverage that protects you, your family and your lifestyle. Personal Liability is an important Homeowners coverage that can give you peace of mind.

While price is important, working together to make certain you have the coverages you need at the price you want is most important.

Call or email me today; I'll get to work on your behalf so you can rest easy.

Some insurance agents sell price. Occasionally that works, but you don't want to find out that you got a great price and have no coverage when you have a claim.

Here's what you need to know:

- Selecting the correct Coverage A is important. This coverage typically pays to repair or rebuild your home if it's damaged or destroyed in a covered loss.
- Conduct a Home Inventory to determine the right amount of coverage for your personal belongings. I can provide you with easy-to-use tools and help you get this done.
- While it's important to choose the right coverage for your home, you also want to choose coverage that protects you, your family and your lifestyle. Personal Liability is an important Homeowners coverage that can give you peace of mind.

While price is important, working together to make certain you have the coverages you need at the price you want is most important.

Call or email me today; I'll get to work on your behalf so you can rest easy.
